Thank you.

# REPORT

With a view to utilize the lockdown period in a fruitful manner, the Internal Quality Assurance Cell of our college organized a webinar on 28.04.2020 on the topic "Mobile Learning" exclusively for the faculty members of our institution. Dr. R. Barani, the IQAC Co-ordinator introduced the Resource Person, Dr. M.S. Xavier Pradheep Singh, Assistant Professor, PG & Research Department of English, St. Joseph's College (Autonomous), Trichy and welcomed the participants to the webinar. The Resource Person addressed on the various types of M-Learning and the mobile apps that aid in learning. He made the session lively by making the faculty members interact with him. The session was highly informative and interesting and made the participants realize that mobile phones have several other functions other than communicating with others. At the end of the session, the platform was open for the participants to raise their doubts to the guest speaker. The participants felt highly satisfactory for having learnt myriad innovative concepts on mobile learning.

Why Mobile Learning
1. To prepare our learners for future jobs
2. To make learning happen at any time, anywhere
3. To include every learner in the learning process
4. To foster life-long learning
