ABOUT THE COLLEGE

V.V.Vanniaperumal College for Women, a temple of learning founded by a great visionary Shri V.V.Vanniaperumal Nadar with a singular objective of empowering rural women through higher education, is a saga of human excellence, endurance and commitment for six decades. Having started with a meagre strength in 1962, the institution has grown by leaps and bounds into one of the reputed women's colleges in Tamilnadu. The strength has reached 4259 students of which 2052 are admitted in aided programmes and 2207 are admitted in self-finance programmes. The college offers 20 UG programmes, 14 PG programmes, 6 M.Phil. programmes and 5 Ph.D. programmes. At present 96 teaching staff serve in the aided departments and 131 in the self-finance departments. There is earnest and enthusiastic 191 non-teaching staff (44 in aided and 147 in self-finance). The college became an autonomous institution in 2009 and it was reaccredited with 'A' Grade (3rd cycle) in 2018 by NAAC. The College has been funded under DBT Star College Scheme in 2020 by the Government of India.

SCOPE OF THE PROGRAMME

Professional ethics are referred to the principles, which the individuals need to take into account on a regular basis. Within the educational institutions, the institutional staff members have their own duties to perform. It is apparent that they need to possess essential educational qualifications and competencies in terms of their duties, but apart from job knowledge, they need to be professional in their conduct. Usually, in higher educational institutions, the individuals are well-aware in terms of all aspects and traits that are needed to depict professionalism. It is indispensable for all the individuals, irrespective of their categories and backgrounds to depict good and decent behaviour and this is facilitated through inculcation of professional ethics.

Hence realizing the significance of imparting professional ethics, this programme is organized for the teaching faculty members.

OBJECTIVES OF THE PROGRAMME

- To ensure the effective use of teaching-learning methods, instructional strategies and teaching-learning materials.
- To make teachers understand the meaning and significance of professional ethics, and thereby understand their duties and responsibilities within as well as outside the home.
- To render a significant contribution in building moral judgement which helps in making wise and productive decisions.
- To contribute towards the establishment of principles and moral standards of behaviour.
